## ►Product Description:

**Elevator Emergency Button**

Introducing our advanced **Elevator Emergency Button**, a crucial safety feature designed for elevator systems. Boasting a 19mm mounting hole, this button is engineered to meet the highest standards, ensuring optimal safety for passengers and efficient operation for system operators.

**Key Features**

With a robust rating of 5A/250V, this button is built to handle the demands of elevator applications. The IP65 waterproof class ensures reliable performance, even in challenging environments where protection against water and dust is essential.

The contact type includes both 1NO1NC and 2NO2NC, providing versatility in its application. The pin terminal facilitates easy and secure connections, enhancing the overall reliability of the elevator's safety system.

The head of the button is distinguished by its eye-catching red color and mushroom-shaped design. This distinctive feature allows for quick identification during emergencies, enabling swift response times when every second counts.

Operational convenience is guaranteed with the latching mechanism, allowing for a push-lock functionality. The aluminum alloy shell ensures durability, making it well-suited for the demanding conditions within elevators.

**Reliable Safety Solution**

Our Elevator Emergency Button is not just a component; it's a reliable safety solution that meets the stringent requirements of modern elevators. Elevate the safety standards in your elevator systems with this carefully crafted button.

**Enhance Safety in Every Ride**

Invest in the safety of your elevators with our dependable Elevator Emergency Button. Elevate the standard of safety for passengers and operators alike, providing peace of mind with each ride.

Contact us today to integrate this safety solution into your elevator systems. Elevate safety with Yueqing Dahe Electric Co.,Ltd.

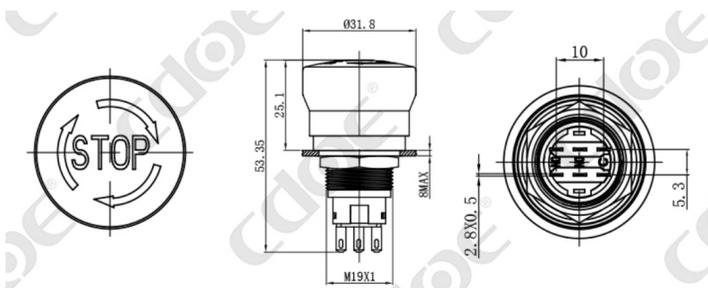

## ►Product Model Specification:

Model Description: HBDS1-AGQ ☆○-□◇ ■/◆●/◆/◎/★/▲/△

For example:HBDS1-AGQ16F-11ETZ/J/S/R/DC12V/R

HBDS1-AGQ	Series number	Yueqing Dahe company internal product code
☆	Mounting hole size	16: φ16mm; 19: φ19mm; 22: φ22mm; 25: φ25mm; 30: φ30mm;
○	Head shape	F: Flat round head; H: High round head;
□	Contact combination	11: 1NO1NC; 22: 2NO2NC;
◇	LED type	No letters: Flat head without LED; D: Dot LED; E: Ring LED; DT: Power symbol LED; ET: Ring and power symbol LED; P: Colored plastic cover without LED; DP: Colored plastic cover with LED; PT: Customized symbol without LED(Plastic); DPT: Customized symbol with LED(Plastic); ST: Customized symbol without LED(Metal head); DST: Customized symbol with LED(Metal head); EST: Customized Ring and symbol with LED(Metal head);
■	Operation type	No letters: Momentary; Z: Latching; X: Selector(Rotary)switch without LED; XD: Selector(Rotary)switch with LED; Y: Key switch; TSA: Emergency stop switch (Arrow+Stop); TSC: Emergency stop switch (Arrow); TSD: Emergency stop switch (Reset Arrow);
◆	Operation position	◆ Selector switch and key switch operation position: 2-Two position; 3-Three position
●		● Selector switch and key switch action type: 1: Keep type; 3: Right self-reset and left self-reset;
◆	Wiring type	J: Pin terminal;
◎	Shell material	N: Nickel-plated brass; S: Stainless steel; T: Aluminum alloy;
★	Shell plating color	■ R:Red ■ G:Green ■ Y:Yellow ■ O:Orange ■ B:Blue □ W:White ■ H:Black
▲	LED voltage	AC/DC6V; AC/DC12V; AC/DC24V; AC/DC36V; AC/DC110V; AC/DC220V
△	LED color	■ R:Red ■ G:Green ■ Y:Yellow ■ O:Orange ■ B:Blue □ W:White

#### ►Product Size:

#### ►Technical Parameter:

HBDS1-AGQ19F-TSD/J/T/R Series emergency button 19MM	
Product model :	HBDS1-AGQ19F-TSD/J/T/R
Mounting hole size :	19MM
Switch value:	Ith:5A,UI:250V
Operation type:	Latching
Contact configuration:	1NO1NC,2NO2NC
Appearance material:	Head:Aluminum alloy; Switch button surface:Aluminum alloy; Pedestal:PBT Contact:Silver alloy;
Terminal type:	Pin terminal
Connection form:	Supporting connector/Welding wire
Protection grade:	IP65
Contact resistance:	≤50mΩ
Insulation resistance:	≥100MΩ
Electrical resistance:	AC2500V, 1min, no flicker and breakdown
Life	
	Electrical part: Operate 50,000 times under rated load without any abnormality
	Mechanical part: No abnormal movement for 300,000 times
